

INKJET POSITIVE FILM – QUICK DRY

Posi-Film 135QD “NoProcess” Quick Dry Inkjet CtPolyester Film

- Specialised layer for good ink adhesion ensuring Quick Drying
- 1, 2, 4 and 8 page format capability with best registration accuracy
- The film is moisture resistant; not smear proof in wet conditions
- Matte grain surface to ensure good vacuum and excellent image transfer, it also prevents sticking on exposure and ink transfer
- Single, spot full-colour reproduction capability
- One piece positive for tabloid and broad sheet newspapers
- Excellent dot sharpness and solid black reproduction
- Totally dry Computer-to-Film-to-Plate process. No Camera. No Darkroom. No Imagesetter. No Plate setter. No Processor. No Chemistry

Posijet QD (QuickDry) film is a high-density, moisture resistant polyester-based inkjet film for computer-to-film digital imaging using inkjet printers. Ideal for full-colour and screen positives.

Posijet QD film is designed to produce high-resolution quick-drying four-colour plate-ready positives in 2, 4 and 8 page formats, with UV density matching silver-based films. Posijet QD can also be used for generating negatives. However, the ink consumption is significantly higher than that for making positives. When imaged on high-resolution pigment-based inkjet printers the patented ink-receiving layer ensures excellent reproduction of 2 – 98% dots at 2880 dpi, micro-fine lines and perfect solids.

Ideally suited for newspapers, book and magazine publishers, screen printers, flexo printers and several other applications currently using expensive silver-based films.

Specifications

BASE FILM	Dimensionally stable polyester film
SURFACE FINISH	Microporous matting grain surface
THICKNESS	135 microns
SHELF LIFE	One year under normal storage conditions
AVAILABLE SIZES	Available in all standard sizes
RECOMMENDED STORAGE	Normal air-conditioned office environment, away from excessive heat and humidity

Available sizes

PRODUCT CODE	ITEMDESC2
Posi-Film 135 QD	432mm x 30m – 2”C
Posi-Film 135 QD	610mm x 30m – 2”C
Posi-Film 135 QD	914mm x 30m – 2”C
Posi-Film 135 QD	1067mm x 30m – 2”C
Posi-Film 135 QD	1118mm x 30m – 2”C

PRODUCT CODE	ITEMDESC2
Posi-Film 135 QD	1270mm x 30m – 2”C
Posi-Film 135 QD	1524mm x 30m – 2”C
Posi-Film 135 QD	210mm x 297mm
Posi-Film 135 QD	297mm x 420mm
Posi-Film 135 QD	330mm x 482mm
