STANDARD WIDTHS	1040mm,1300mm,1370mm,1530mm	Available in 50/100mts reels

12mth Shelf Life

General

Polymeric LAM Gloss is a clear glossy polymeric PVC overlaminating film which is coated with a permanent acrylic adhesive suitable for overlamination of all ink types including UV inks. The extra high glossy finish gives excellent glossy properties and this product is commonly used for general paper and filmic poster graphic overlamination where a glossy clear finish is required
